

WHAT MEMBERS SAY ABOUT THE ROCKY RIVER CHAMBER OF COMMERCE

"It's the human version of LinkedIn." *Dr. Mike Urban, Urban Chiropractic: Spine & Sports Clinic*

"The Rocky River Chamber has been a great asset in establishing and growing my business. I have done promotions in conjunction with several members that have been beneficial to both of us. The management team is a wealth of knowledge and a great resource to have."

Pam Alerine, Style Mutt

"We have met many Chamber members and done flooring work in quite a few of their homes. This has led to other work for their neighbors, relatives, etc. The caliber of customers received through networking is so much higher than with other types of advertising because the potential customer gets to meet you and learn about your business, as opposed to just seeing an advertisement and taking a chance on you."

Terry Hach, Floors 2 U

"As an independent restaurateur in Rocky River for over 25 years, my involvement with the Rocky River Chamber of Commerce has been mutually beneficial. Whether I am attending a meeting or catering an event, I always meet new people. The Chamber makes that possible, it is truly what a chamber should be. We have a lot of fun too!"

George Hwang, Pearl of the Orient

"As a new business in Rocky River, joining the Chamber was one of the best business decisions we made. We have found it to be an effective way to get plugged into the community. I appreciate the opportunities my Chamber membership gives me to interact with potential clients and new business connections." ***Mark Tolson, ASAP Fitness***
